DETAILED ACTION

- 1 This action is responsive to the amendment filed on January 23, 2004.
- 2 The cancellation of claims 4 and 5 is acknowledged. Pending claims are 1-3 and 6- 18.
- 3 The rejection of the claims under 35 U.S.C. 103(a), is withdrawn because of the applicant's amendment.
- 4 Claims 1-3 and 6-18 are allowed.

STATEMENT OF REASONS FOR ALLOWANCE

- 5 The following is an examiner's statement of reasons for allowance:

Hirayama et al. (JP 10231234) teaches a dyeing composition comprising gamma-butyrolactone component and acid dyestuff (see English abstract). However patentee differs from applicants in that Hirayama et al, (JP' 234) does not teach or suggest a γ -hexanolactone or γ -heptanolactone as required in the instant amended claims. Further, the applicants have shown on record that a dyeing composition comprising γ -hexanolactone or γ -heptanolactone provided unexpected results of dyeing properties over the dyeing compositions of the prior art that comprises other lactones components. Accordingly, the claimed subject matter as a whole would not have been obvious to one having ordinary skill in the art of hair dyeing formulation.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
